Decision of EGM

Thank you to all those who attended the EGM meeting on Thursday 2nd September. The decision of those present was that the Parents & Close family members of active members are allowed to put their name forward to join the committee, apart from the role of Chairman. Non fencing members can't make up more than 50% of the committee and all applications made by non fencing members will be subject to the current committee's discretion before being put to a membership vote at the AGM.

Fencing Insurance

Fencers are reminded that all fencers are now required to have their own insurance once they have completed their first 10 week course. Following the AGM fencers will be asked to provide the club with proof of their own insurance.
